

Leading Like a Coach Masterclass - Victoria, BC

An in-person professional development program designed to strengthen leadership capability, retention, and performance in aviation organizations.

What is the Masterclass?

- May 26 - 28, 2026
- 2.5 days, in person
- Six facilitated sessions
- Applied leadership scenarios
- Peer learning and practice
- Individual reflection and planning

Outcomes

- **Improved leadership effectiveness** through applied coaching and communication tools
- **Stronger retention and engagement** by investing in high-potential women leaders
- **Increased adaptability and decision-making** in complex, safety-critical environments
- **Stronger cross-functional collaboration** aligned with aviation operations

Employer Benefits

- Builds leadership capacity across teams
- Improves accountability and decision quality
- Supports succession planning and internal talent development
- Signals commitment to equity and leadership advancement

Employee Benefits

- Develops practical coaching and communication skills
- Deepens self-awareness around leadership style and decision-making under pressure
- Expands aviation-specific peer networks
- Produces an individual leadership action plan to bring back to the workplace

Facilitated by experienced leadership development professionals with deep expertise in coaching, emotional intelligence, and the aviation sector.

Invest in Your Leaders. Elevate Your Organization.
